TITLE	Guidelines for Insurer Members on Submission of Product Information		

SECTION 1: INTRODUCTION

BACKGROUND

- 1.1 These guidelines are applicable to insurer members as defined under Section 2 of the Malaysia Deposit Insurance Corporation Act 2011 (“MDIC Act 2011”).
- 1.2 Perbadanan Insurans Deposit Malaysia (“PIDM”) requires information on takaful and insurance products sold or offered by the insurer members in order to support effective engagement with the public in addressing queries relating to PIDM’s protection. In this regard, these guidelines are issued under Sections 202 and 209 of the MDIC Act 2011 to require the submission of information on all takaful and insurance products sold or offered by insurer members.

ENQUIRIES

- 1.3 Enquiries relating to these Guidelines may be directed to Ms Ratha Rengganathan at 03-2173 7562 (ratha@pidm.gov.my) or Ms Afiza Abdullah at 03-2173 7548 (afiza@pidm.gov.my).

SECTION 2: REQUIREMENTS RELATING TO COMPLETION OF THE WORKSHEET

- 2.1 Insurer members are required to provide PIDM with a list of all the products sold or offered to its customers with a brief description of the product and its coverage, on an annual basis.
- 2.2 The requirement covers a comprehensive range of all takaful and insurance products including riders sold or offered as extensions of basic family takaful certificate or life insurance contracts, group products, personal takaful/insurance products and commercial takaful/insurance products. The submission must contain **information on all products** of insurer members that:
 - (a) are currently marketed in Malaysia, including products that are ready to be sold or offered to the public at any time (either because it has received Bank Negara Malaysia’s (“BNM”) approval, the 30-days file-and-use limit has lapsed or it is a product that is not new to market); and

TITLE	Guidelines for Insurer Members on Submission of Product Information		

- (b) had been withdrawn from the market but with in force certificates/policies or outstanding claims in the books of the insurer members (“withdrawn products”), including products that were launched as closed-end fund that are not open for sale currently.

2.3 In relation to paragraph 2.2(b):

- (a) Insurer members are required to report all withdrawn products with a launch date of five (5) years or less prior to the reporting date mentioned in paragraph 3.4.
- (b) To minimise operational burden, a concession is granted for withdrawn products with a launch date of more than five (5) years prior to the reporting date mentioned in paragraph 3.4. For this group of products, information is only required to the extent that the aggregate of the in force certificates/policies of the products reported account for at least 70% of the entire in force certificates/policies. For clarity, an illustration on the application of the concession is provided in Table 1 below.

Table 1 - Illustration on Application of Concession (Only for the First Year Submission)				
Year of Launch	Profile of Total In Force Certificates/Policies (“IFP”) as at Dec 2014:	Composition of Number of IFP		
		Scenario 1	Scenario 2	Scenario 3
1950 - 2009	[A] Products that are currently marketed as at Dec 2014	10%	10%	10%
	[B] Products that had been withdrawn as at Dec 2014	30%	20%	60%
2010 - 2014	[C] Products that are currently marketed as at Dec 2014	50%	60%	20%
	[D] Products that had been withdrawn as at Dec 2014	10%	10%	10%

Note: Reporting date is 31 December 2014 and the company was established in 1950.

Reporting Requirement and Application of Concession:

- For Scenario 1 and 2, all products in [A], [C] and [D] must be reported and none for [B]. Concession is granted for [B] in full as composition of [A], [C] and [D] in total accounts for at least 70% of the number of in force certificates or policies.
- For Scenario 3, all products in [A], [C] and [D] must be reported and 30% for [B]. Concession is granted for [B] whereby only products that form 30% of the in force certificates or policies need to be reported so that in total, they account for at least 70% of the total number of in force certificates or policies.

TITLE	Guidelines for Insurer Members on Submission of Product Information		

- 2.4 For subsequent submissions, insurer members shall continue to add on to the list **all new products introduced** since the last submission, so that PIDM will have a complete listing of all the products. All new products introduced must be reported, including those that were introduced and subsequently withdrawn during the same year, but with in force certificates or policies in the books as shown in Table 2 below. Where applicable, insurer members shall remove from the list, products that had been completely withdrawn from the market without any liability (in the form of in force certificates/policies or outstanding claims), for example maturity of a close-end fund where all the liabilities had been fully settled.

List of New Products (Jan - Dec 2016)	New Products Withdrawn (Jan - Dec 2016)	Products to be Reported (as at 31 Dec 2016)
(1) AAA Plus (2) Income Saver (3) LadyCare Rider (4) Income Plan 1 (5) Income Plan 2 (6) Smart Saver	(1) Income Plan 1 (withdrawn in June 2016 with in force certificates or policies)	(1) AAA Plus (2) Income Saver (3) LadyCare Rider (4) Income Plan 1 (5) Income Plan 2 (6) Smart Saver

- 2.5 Notwithstanding the concession granted under paragraph 2.3, insurer members may be required to submit information on all of the products with outstanding liability (in the form of in force certificates/policies or outstanding claims) in the books of insurer members, on case-by-case basis, if deemed necessary by PIDM.
- 2.6 Insurer members are required to submit the information in a Microsoft Excel worksheet provided by PIDM which can also be downloaded from PIDM’s website. A snapshot of the worksheet for both general takaful or insurance and family takaful or life insurance is shown in Table 3 and 4 below.

TITLE	Guidelines for Insurer Members on Submission of Product Information		

2.7 The product related information that is required from the insurer members includes:

- (a) **Insurer member** refers to name of the insurer member.
- (b) **Reporting date** refers to the date mentioned in paragraph 3.1.
- (c) **Contact person** refers to the name of the officer in-charge of completing the submission. It should be a staff, holding at least managerial position and able to provide explanation with regard to the information contained in the submission, when contacted.
- (d) **Product name and marketing name.** Product name refers to the name of the product used in the takaful certificate or insurance policy contract. Insurer members are also required to provide the marketing name of the product if the product is marketed or distributed with a different name than that used in the takaful or policy contracts. Insurer members are required to include all the products sold or offered to its customers as explained in paragraph 2.1 to 2.5 above.
- (e) **Brief description of the product.** To describe briefly the features of the product and the benefits insured under the product. For reference, a list of products commonly available in the market is provided in Appendix I that can be used as a guide in ascertaining the level of details to be provided. The list should only be used as a guide as it is not an exhaustive list of all the products available in the market and the description provided may not be reflective of the actual coverage and benefits provided under the product of the insurer member.
- (f) **Business class** refers to the class of takaful or insurance as provided below (Table 5) and a detailed explanation for each class is provided in Appendix II. For products with a combination of more than one business class,¹ the business class should be consistent with that reported to BNM under the Insurance Companies Statistical Submission (“ICSS”) or Takaful Operators Statistical System (“TOSS”) reporting forms, where relevant. For PIDM’s reporting, insurer members are not required to unbundle the product and report based on the respective classes of business. These products can be reported based on the major class i.e., the business class which constitutes the major portion of the product.

¹ For example products with a combination of Fire, Public Liability and Personal Accident class of business.
